DESCRIPTION

Chemical-free cleaning is the safest way to clean your home, keep your family safe and protect our fragile environment.

The Steamboy floor steam mop is such a delight to use. Simply fill the removable tank with water, plug it in, and you are ready to clean with the power of steam.

Whether you have sealed hard wood floors, or ceramic floors, Steamboy is tough enough for the job. You won't believe the difference that steam makes.

Each Steamboy units comes with 2 cloth pads (that can be hand or machine washed) a carpet glide so you can clean and deodorize your carpets and a replaceable water filter to protect against scale.

DESCRIPTION

Chemical-free cleaning is the safest way to clean your home, keep your family safe and protect our fragile environment.

The T730A has been designed from the ground up to deliver superior quality dry steam, and provide the best possible user experience. It will clean the toughest cleaning chores with its powerful 1400W heating system.

With our CSS™ (Continuous Steam System) technology, you'll never have to worry about running out of steam in the middle of cleaning again. Simply refill the built-in water tank when the water level is low (or the water light indicates it's time) and away you go. No more waiting.

Your T730A comes with a 11 piece accessory kit that will allow you to take care of your entire house - we don't skimp on features so you get the maximum benefit from your investment.
